

Eastfield Division Councillors Monthly March Report to Eastfield Town Council 25 March 2024.

Work has gone on as normal, and I have dealt with or am currently dealing with case work issues from Eastfield Residents.

I have undertaken a number of "Walkabouts" on the Estate during the month and enjoyed chatting with a number of residents.

I undertook my Monthly Councillors Surgery 4 March with again a trickle of customers to have a chat about varying problems they were faced with.

I attended the PACT Executive Meeting 27 February. Thankfully everything seems to be coming together with much work being undertaken behind the scenes.

I gave an interview on Radio Scarborough about the Eastfield "Phoenix" Community Park Project 28 February.

I also had a meeting with Jan Garrill about Social Vision / Social Enterprise in the Legacy Studio at Ashmead Square. This was something NYC had commissioned with 3 areas singled out including Eastfield, Selby and Catterick to ascertain if residents could be tempted into setting up social enterprise businesses to help in the local communities.

I once again had the pleasure of attending the Veterans Social gatherings at 120 Westway 5 March & 19 March.

I attended a virtual Members Seminar along with The Waste Harmonisation Task and Finish Group 6 March.

7 March I attended the Virtual Scarborough and Whitby Area Constituency Committee Briefing.

I attended an all-day presentation by the LGA regarding the most deprived areas of North Yorkshire 14 March at County Hall Northallerton

I took part in The Local Plan Seminar at County Hall Northallerton 20 March.

I attended the Scarborough and Whitby Area Constituency Committee Meeting in the Town Hall Scarborough 22 March.
